Dear Parents,

Happy New Year to all our wonderful families. We hope you had a wonderful and safe holiday season!

Many families are starting to request enrollment information for Summer Camp and the next school year. Attached please find enrollment information for the 2023 Summer Camp and the 2023-24 School Year. Please return your application and deposit as soon as possible in order to reserve your child's space for 2023 Summer Camp and the 2023-24 School Year. Enrollment space is limited.

FALL - Returning children have a \$500 deposit on hand which you may rollover to reserve your enrollment space for the 2023-24 school year. No additional deposit is required. Simply make a checkmark on the line next to "Amt. R/O" located in the top right section of your Fall enrollment form. Deposits for new enrollees will be collected by ACH. You may email your completed Fall enrollment form to boulevardschool18@gmail.com.

SUMMER CAMP - Summer Camp requires a separate \$400 deposit which will be applied to your Summer Camp tuition. You may pay your Summer Camp deposit by ACH or by check. If you choose ACH, just place a check mark on the "ACH for Deposit" line. If you choose check, please attach the check to the application. Applications with ACH can be emailed to the school. Applications with a check must be brought to the office. We cannot process enrollment forms without the required deposit. Fall deposits may not be rolled over to Summer Camp.

We strongly suggest early enrollment for all classes. If you delay re-enrolling, the days you want may no longer be available. If that happens, you may enroll for the days available. We will then place you on a waiting list for the additional days you want.

Thank you for your continued support and cooperation and for sharing your children with us. We look forward to another rewarding year.

With much appreciation,

Rodi

2023 - 2024

MOMMY & ME PROGRAM (not offered at this time)

Our Mommy & Me classes for toddlers ages 4 - 23 months meet once or twice a week. Each class is approximately 1 1/2 hours long. The children participate in arts and crafts, music, singing, finger play, body movement, puppetry, inside and outside free play activities, and water play during the warmer months. They also learn appropriate social skills by interacting with the other children in their play group.

TODDLER PROGRAM

Our Toddler classes are designed for children ages 18 - 30 months of age. Children may attend half days or full days. Our program provides a safe, nurturing environment in which toddlers learn through play and exploration. The children participate in arts and crafts, music, singing, finger play, body movement, puppetry, and outside free play activities. All activities are age-appropriate, boosting cognitive and motor skills while helping develop verbal skills.

TWO YEAR OLD PROGRAM

Our two year olds may attend half days or full days. The full day children must have a rest time in the afternoon. Children do not need to be potty-trained. The teachers will work with them in this area. We stress social and emotional growth. We also work on developing the children's language skills. Each month the classes will have a different theme and the activities in the classroom will center around the theme. Activities include music, instruments, puppetry, body movement, arts and crafts, dramatic play, block play, number concepts, colors, shapes, science, and other age appropriate learning skills. This class sets a foundation and prepares the children for further learning skills such as social, emotional, and academic.

THREE YEAR OLD PROGRAM

Three year olds may attend half or full days. Most of the children are now potty-trained. We stress social and emotional growth as well as language development and independence. We work with each child according to his/her individual needs. The pre-school activities described above are included in the 3 year old program. In addition to these activities, we introduce name and letter recognition, number concepts and recognition, shapes, sizes, and other age-appropriate learning concepts. This is a non-pressured, relaxed, low-key program.

PRE-KINDERGARTEN PROGRAM - FOUR YEAR OLDS

This is a full day class only. All the children attend full day in order to benefit from this excellent program. The pre-kindergarten program offers all of the activities listed above. In addition we offer a complete learning program consisting of number concepts, number recognition, writing, phonetics, reading readiness skills, and book reports. This is a non-pressured program which prepares your child for kindergarten socially, emotionally, and academically. We are very proud of the children's accomplishments in our pre-kindergarten program.

KINDERGARTEN

Our kindergarten program is a five day a week, full day program. We offer a strong academic program in a low-key, non-pressured environment. The class size is kept small so each child can benefit from individual attention. The children are able to reach different levels as our individualized programs stimulate each child's desire to learn and investigate. The children develop a strong love for learning and progress at their own rate. We offer a strong mathematics, phonetic, and reading program. The children participate in science, drama, crafts, social studies, and other creative activities. Our goal is to give each child a strong academic foundation and to foster a genuine love for learning and a desire to succeed.
